typical print locations

Give us some general information about the products that interest you.

screenprint

Please note that most dark shirt colors require us to print a white underbase. We may elect to add this to your quote.

location 1 -

location 2 -

quantity -

(we require a minimum order of 36 shirts)

garment colors -

garment style -

Select the number of colors to be printed at each location.

embroidery

Please note that price will rely heavily on the number of stitches required to embroider your logo.

Indicate the type(s) of garments, quantity and the location of the embroidery.

promotional products

Please note that many items may have restrictions on imprint size and number of imprint colors.

Let us know what kind of promotional products you have in mind and some details about the company, event or campaign you are promoting.
